

## Actividades 5° Básicos - Música (Lunes 16.03.2020)

**Objetivo clase:** Descifrar rítmicamente los valores de las figuras de duración por medio de lecturas rítmica.

### Instrucciones

Continuamos con el repaso de los signos involucrados en la escritura musical, y usos. El ritmo es un elemento vital para la coherencia y la expresión musical. Para ello vamos a repasar 3 lecturas rítmicas sencillas utilizando las cuatro figuras de duración y sus respectivos silencios para desarrollar los ejercicios. Por ahora no consideres la cifra indicadora de compás. Sólo concéntrate en percudir bien cada figura y agrupaciones de corcheas.

Aquí las figuras de duración y sus valores (pulsos) respectivos.

<u>NOMBRE</u>	<u>FIGURA RÍTMICA</u>	<u>SILENCIO</u>	<u>DURACION</u>
<i>REDONDA</i>			<i>4 TIEMPOS</i>
<i>BLANCA</i>			<i>2 TIEMPOS</i>
<i>NEGRA</i>			<i>1 TIEMPO</i>
<i>CORCHEA</i>			<i>1/2 TIEMPO</i>

¿Cómo vamos a percudir cada figura con nuestras palmas? Para ello nos apoyaremos en los siguientes sonidos:

 = blaan - ca (2 pulsos) →  = ¡shh...hh! (2 pulsos)

 = negra (1 pulso) →  = ¡shh! (1 pulso)

 = clap - clap (en 1 pulso)
